

October 8, 2013

Dear HSHMC Family,

Thank you for your continued support. We are looking forward to another incredible year of students interning at Sharp hospitals.

In an effort to protect their employees and clients, Sharp is mandating that all of their staff, including our interns, either be vaccinated for influenza before the start of flu season or wear a mask when they are at their internship sites.

For our benefit, representatives from Sharp's Employee Occupational Health Department are coming to HSHMC to administer free influenza vaccines to students on Tuesday, October 29<sup>th</sup>. They will return on Tuesday, November 7<sup>th</sup> for any student who was absent on October 29<sup>th</sup>.

By signing below, you give consent for your child to receive an influenza vaccine at the school on October 29<sup>th</sup> or November 7<sup>th</sup>.

Thank you for helping to protect our students. Please contact us if you have any questions or concerns.

Best,

Will Mellman
