LCAP UPDATE

SPRING 2019

ATTENDANCE AMO 2.5

Our LCAP goal AMO 2.5 aims to maintain a minimum attendance of 94% for both the middle school and high school.

High School = **97.67%**, Middle School = **97.674%**

AMO 2.6 Chronic Absenteeism

AMO 2.6 aims to reduce the percentage of students who are chronically absent by 3% from the 2017-2018 school year.

MS - 2017-18 - chronic absenteeism rate was 9.38% -
Currently - 3.0% (3 students)

HS - 2017-18 - chronic absenteeism rate was 7.36% -
Currently - 3.57%

CLIMATE

AMO 3.3 & 3.5 revolve around our My Voice data, and they reflect our commitment to ensure that students feel welcome and valued at HSHMC. To make these concepts even more relevant to our students we had an amazing group of ASB students participate in focus groups and breakdown what these values mean at HSHMC and how all students can be heard and made to feel welcome. They expressed ways for students to be better connected to staff and to their peers during these focus groups. These meetings were highly successful and we look forward to the continued impact this outreach will have as we move forward with our school climate goals.

ACHIEVEMENT AMO 2.1 & 2.2, English and Math Proficiency

HSHMC has taken some exciting new steps to bolster our English and Math proficiency to be sure that our students are ready to be successful in SBAC, CAST, and ELPAC testing. Some of the significant highlights include a shift in 9th grade mathematics that has provided additional teacher and technology supports for our students, and we have added additional teaching support in our English classes while making use of exciting new digital curriculum in Study Sync.
